Aloe Vera Processing, Cultivation, Extraction, Formulations & Products
(Thermal Burns, Anatomy of Aloe Vera Leaves, Sowing, Irrigation, Antimutagen of Aloe Plants, Aloe Vera & Gibberellin, Radiation, Burns & Frostbite, Herbal Remedies, Homogenization, Topical Compositions, Extract of Lavender, Herbal Formulations, Aloe Vera Gel Toothpaste, Aloe Gel and Powder, Aloe Vera Gel Eye Drops)
Introduction

Aloe Vera is a plant species of the genus Aloe. It grows wild in tropical climates around the world and is cultivated for agricultural and medicinal uses. Aloe is also used for decorative purposes and grows successfully indoors as a potted plant.

It is found in many consumer products including beverages, skin lotion, cosmetics, or ointments for minor burns and sunburns. There is little scientific evidence of the effectiveness or safety of Aloe Vera extracts for either cosmetic or medicinal purposes. Studies finding positive evidence are frequently contradicted by other studies.
Market Outlook

Aloe Vera is a one of the succulent plant species which grows suitably in tropical climatic conditions. Cultivation of aloe-vera plant is primarily done for medicinal and agricultural uses all over the world. An aloe-vera plant generates two substances i.e. gel and latex. Aloe-Vera gel is one of the healthiest parts of the aloe-Vera plant and is extracted from leaf’s inner layer and can be used in its raw form. However, aloe-vera latex is a yellowish fluid which is not recommended for direct consumption.
Global aloe-vera extracts market is anticipated to expand at a compound annual growth rate (CAGR) of more than seven percent.

Aloe-Vera whole leaf extracts was estimated to be the largest segment in 2015 followed by aloe-vera gel extracts. In near future, Aloe-Vera whole leaf extracts market is further projected to witness the highest CAGR of ~% during the forecast period i.e. 2015-2021.
The global aloe vera gel market was worth US$ 465 Million in 2016, growing at a CAGR of around 11% during 2009-2016. The market has been growing steadily over the last decade driven by varied and increasing usage of Aloe Vera gel in food, health care and cosmetic industries.
Aloe Vera Market

- Guatemala, 14.3%
- Thailand, 14.3%
- China, 14.3%
- Mexico, 14.3%
- Costa Rica, 14.3%
- Dominican Republic, 14.3%
- United States, 14.3%
The global aloe vera extracts market, estimating global revenues to surpass US$ 3.3 Bn by 2026. The global aloe vera extracts market is anticipated to expand at 7.4% CAGR through 2026.

The global market for Aloe Vera gel as a raw product reached a value of US$ 425 Million in 2015, exhibiting a CAGR of nearly 11% during 2008-2015.
Global: Aloe Vera Market

![Bar chart showing the Aloe Vera Market growth from 2015 to 2021 in US$ Million]

- **2015**: 425 Million
- **2021**: 707 Million

• Indian Skin Cream Market
• Driving Factor for Capacity Creation:
• Strategy for Capacity Creation and Marketing
6. Research Findings

• Aloe vera and the inflamed synovial pouch model
• Isolation of a stimulatory system in an Aloe extract
• Aloe vera as a biologically active vehicle for hydrocortisone acetate.
• The stimulation of postdermabrasion wound healing with stabilized aloe vera gel-polyethylene oxide dressing
• Aloe-emodin effects on arylamine N-acetyltransferase activity in the bacterium Helicobacter pylori.
• Influence of aloe vera on the healing of dermal wounds in diabetic rats.
• Influence of Aloe vera on the glycosaminoglycans in the matrix of healing dermal wounds in rats.
• Immunochemical distinction of Aloe vera, A. arborescens, and A. chinensis gels.
• Aloe barbadensis extracts reduce the production of interleukin-10 after exposure to ultraviolet radiation.
• Influence of Aloe vera on collagen characteristics in healing dermal wounds in rats.
• Influence of Aloe vera on collagen turnover in healing of dermal wounds in rats.
• Studies of aloe. VI. Cathartic effect of isobarbaloin.
• [The action of an aqueous extract of Aloe barbadensis Miller in an in-vitro culture of Trichomonas vaginalis].
• Biotherapy with the pineal inimunomodulating hormone melatonin versus melatonin plus aloe vera in untreatable advanced solid neoplasms.
• Nitro chemopreventive effects of plant polysaccharides
• (Aloe barbadensis Miller, Lentinus edodes, Ganoderma lucidum and Coriolus versicolor).
• The therapeutic potential of Aloe Vera in tumor-bearing rats.
• In vitro angiogenic activity of Aloe vera gel on calf pulmonary artery endothelial (CPAE) cells
• Isolation of cDNA for an NADP-malic enzyme from Aloe arborescens
• Prevention of ultraviolet radiation-induced
  suppression of accessory cell function of Langerhans
  cells by Aloe vera gel components
• Beneficial effect of Aloe on wound healing in an
  excisional wound model.
• Acceleration of the alcohol oxidation rate in rats with
  aloin, a quinone derivative of Aloe.
• Activation of a mouse macrophage cell line by
  acemannan: the major carbohydrate fraction from Aloe
  vera gel.
• Isolation of a cDNA for a phosphoenolpyruvate
  carboxylase from a monocot CAM-plant, Aloe
  arborescens: structure and its gene expression.
• A purgative action of barbaloin is induced by
• Eubacterium sp. strain BAR, a human intestinal
  anaerobe, capable of transforming barbaloin to aloe-
  emodin anthrone.
• Studies of aloe. V. Mechanism of cathartic effect.
• Studies of aloe. IV. Mechanism of cathartic effect.
• Prevention of ultraviolet radiation-induced suppression of contact and delayed hypersensitivity by Aloe barbadensis gel extract.
• Rhein and aloe emodin kinetics from senna laxatives in man.
• Pharmacokinetic metabolic studies with 14C-aloe emodin after oral administration to male and female rats.
• Some pharmacological actions of aloe extracts and Cassia abbreviata on rats and mice.
• Effects of low molecular constituents from Aloe vera gel on oxidative metabolism and cytotoxic and bactericidal activities of human neutrophils.
• Studies of aloe. III. Mechanism of cathartic effect.
• An anti-complementary polysaccharide with immunological adjuvant activity from the leaf parenchyma gel of Aloe vera.
• [Effects of aloe extracts, aloctin A, on gastric secretion and on experimental gastric lesions in rats].
• Effect of water extracts of aloe and some herbs in decreasing blood ethanol concentration in rats.
• Aloe vera
• Comparative evaluation of aloe vera in the management of burn wounds in guinea pigs.
• The glucomannan system from Aloe vahombe (liliaceae).
• The Aloe vera phenomenon: a review of the properties and modern uses of the leaf parenchyma gel
7. Clinical Trails

- Heart Disease
- Prevention of Atheromatous Heart Disease
- Lowered Blood Pressure
- Immunological Benefits: Cancer, Tumours, HIV & AIDS
- A Study of 29 AIDS Patients
- Cancer Research
- Aloe Vera & AIDS Research
- Aloe vera may mimic azt without toxicity
- Antimetastatic Properties of Aloe Juice
- Aloemannan, Significant Antitumor Efficacy
- Antimutagen of Aloe plants
- Diabetes
• Aloe vera & gibberellin, anti-inflammatory activity in diabetes
• Normalized Blood Glucose Level
• Antidiabetic activity of Aloes: preliminary clinical & experimental observations
• Aloe vera-anti-edemic & analgesic activity in diabetes
• Gastrointestinal Disorders
• Colitis & Crohn’s Disease
• Research - Gastric Ulcers
• Research - Ulcers, Stress Related
• A double-blind trial of a celandin, Aloe Vera & psyllium laxative preparation in adult patients with constipation
• Studies of Aloe III. Mechanism of Cathartic Effect
• Aloe Vera to treat gastrointestinal Problems
• Research - Doudenal Ulcers
• Aloe Reduction In Ulcers, Erosions & Hemorrhanges in the Stomach
• Radiation, Burns & Frostbite
• Aloe vera gel hindered wound healing of experimental second-degree burns: a quantitative controlled study.
• Experimental & clinical observations on frostbite
• Alvagel as a therapeutic agent in the treating of radiation burns
• Beneficial effects of aloe in wound healing
• The external use of Aloes
• Treatment of experimental frostbite with pentoxifylline & Aloe vera cream
• Psoriasis
• Management of psoriasis with Aloe vera extract in a hydrophilic cream: a placebo-controlled, double-blind study.
• Skin Disorders/Inflammation
• Anti-inflammatory activity of Aloe vera against a spectrum of irritants
• Wound healing. Oral and topical activity of Aloe vera.
• Processed Aloe vera administered and topically
• inhibits inflammation
• Uses of Aloe in treating leg ulcers & dermatosis
• Anti-inflammatory and wound healing activity of a growth substance in Aloe vera.
• Anti-inflammatory & wound healing properties of Aloe vera
• Effects of topical medications on the healing of open pad wounds in dogs
• Antiinflammatory activity of extracts from Aloe vera gel.
• Skin Disorders Virus: Bacteria, Fungi & Parasites
• Dental Disorders
• Aloe Vera Gel Toothpaste
• Aloe in Dentistry
• Why Aloe may work
• Use of Whole-Leaf Aloe
8. Patent

- U.S. Patent 6, 027, 728 (2000)
- Herbal Skin regeneration and method
- A method for skin regeneration comprising Description
- Background of the Invention
- Summary of the Invention
- Detailed Description of the Invention
- U.S. Pat. 6, 030, 622
- Herbal Extract composition and method
- (2000) with immune boosting capability
- Background of the Invention
- Field of the Invention
- Description of the Background Art
- Summary of the Invention
• Detailed Description of the Preferred Embodiments
• Extract Preparation
• Preparation of Extract of ARUM ALOE
• Preparation of Extract of POMEGRANATE.
• Preparation of Extract of TEA.
• Preparation of Extract of HIBISCUS.
• Preparation of Combined Extracts of ARUM and POMEGRANATE
• Preparation of Combined Extracts of ARUM, POMEGRANATE, TEA and HIBISCUS
• In Vitro Blast Transformation of Lymphocytes
• From Normal Patients
• In Vitro Blastogenesis of Peripheral Blood Lymphocytes from Patients With Renal Failure
• Stimulation of Cytokine Production in Normal Persons
• In Vitro Inhibition of gp 120 Binding to MT-4 Cells Measured with OKT4A Monoclonal Antibody.
• In Vitro Inhibition of gp 120 Binding to MT-4 Cells Measured with Anti-gp 120 Monoclonal Antibody.
• Chemical Analysis of Combined Extracts
• Aloe vera gel toothpaste
• United States Patent 5, 294, 434 March 15, 1994
• Summary of Invention
• Detailed Description
• United States Patent 5,989,560
• November 23, 1999
• Herbal intestinal tract cleanser
• Field of the Invention
• Background of the Invention
• Summary of the Invention
• Detailed Description of the Preferred Embodiments
• Aloe vera ointment
• United States Patent 4,725,438 February 16, 1988
• Field of the Invention
• Background of the Invention
• Summary of the Invention
• Objects of the Invention
• Description of the Preferred Embodiment
• Summary of the Achievements of the Objects
• of the Invention
• Decongestant composition containing aloe vera
• Background of the Invention
Field of the Invention
Description of the Prior Art
Summary of the Invention
Detailed Description of the Invention
United States Patent: 6,004,558
Technical Field
Background of the Invention
Summary of the Invention
Detailed Description of the Invention
Separation of primary isoflavones using chromatographic techniques
Method for extraction and removal of genistein, daidzein, formononetin and biochanin
Anti-cancer activity or isoflavone free cell extracts
Treatment of a sixty two year old male diagnosed with prostate cancer

Free Instant Online Project Identification & Selection Search Facility

Selection process starts with the generation of a product idea. In order to select the most promising project, the entrepreneur needs to generate a few ideas about the possible projects.

Here’s we offer a best and easiest way for every entrepreneur to searching criteria of projects on our website www.entrepreneurindia.co that is “Instant Online Project Identification and Selection”
NPCS Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.

Who are we?

- One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services.

- We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients’ in India & abroad.
We at NPCS want to grow with you by providing solutions scale to suit your new operations and help you reduce risk and give a high return on application investments. We have successfully achieved top-notch quality standards with a high level of customer appreciation resulting in long lasting relation and large amount of referral work through technological breakthrough and innovative concepts. A large number of our Indian, Overseas and NRI Clients have appreciated our expertise for excellence which speaks volumes about our commitment and dedication to every client's success.
We bring deep, functional expertise, but are known for our holistic perspective: we capture value across boundaries and between the silos of any organization. We have proven a multiplier effect from optimizing the sum of the parts, not just the individual pieces. We actively encourage a culture of innovation, which facilitates the development of new technologies and ensures a high quality product.
What do we offer?

- Project Identification
- Detailed Project Reports/Pre-feasibility Reports
- Business Plan
- Industry Trends
- Market Research Reports
- Technology Books and Directory
- Databases on CD-ROM
- Laboratory Testing Services
- Turnkey Project Consultancy/Solutions
- Entrepreneur India (An Industrial Monthly Journal)
How are we different?

- We have two decades long experience in project consultancy and market research field
- We empower our customers with the prerequisite know-how to take sound business decisions
- We help catalyze business growth by providing distinctive and profound market analysis
- We serve a wide array of customers, from individual entrepreneurs to Corporations and Foreign Investors
- We use authentic & reliable sources to ensure business precision
Our Approach

Requirement collection

Thorough analysis of the project

Economic feasibility study of the Project

Market potential survey/research

Report Compilation

www.entrepreneurindia.co
Who do we serve?

- Public-sector Companies
- Corporates
- Government Undertakings
- Individual Entrepreneurs
- NRI’s
- Foreign Investors
- Non-profit Organizations, NBFC’s
- Educational Institutions
- Embassies & Consulates
- Consultancies
- Industry / trade associations
Sectors We Cover

- Ayurvedic And Herbal Medicines, Herbal Cosmetics
- Alcoholic And Non Alcoholic Beverages, Drinks
- Adhesives, Industrial Adhesive, Sealants, Glues, Gum & Resin
- Activated Carbon & Activated Charcoal
- Aluminium And Aluminium Extrusion Profiles & Sections,
- Bio-fertilizers And Biotechnology
- Breakfast Snacks And Cereal Food
- Bicycle Tyres & Tubes, Bicycle Parts, Bicycle Assembling
Sectors We Cover

- Bamboo And Cane Based Projects
- Building Materials And Construction Projects
- Biodegradable & Bioplastic Based Projects
- Chemicals (Organic And Inorganic)
- Confectionery, Bakery/Baking And Other Food
- Cereal Processing
- Coconut And Coconut Based Products
- Cold Storage For Fruits & Vegetables
- Coal & Coal Byproduct
Sectors We Cover  

- Copper & Copper Based Projects
- Dairy/Milk Processing
- Disinfectants, Pesticides, Insecticides, Mosquito Repellents,
- Electrical, Electronic And Computer based Projects
- Essential Oils, Oils & Fats And Allied
- Engineering Goods
- Fibre Glass & Float Glass
- Fast Moving Consumer Goods
- Food, Bakery, Agro Processing
Sectors We Cover

- Fruits & Vegetables Processing
- Ferro Alloys Based Projects
- Fertilizers & Biofertilizers
- Ginger & Ginger Based Projects
- Herbs And Medicinal Cultivation And Jatropha (Biofuel)
- Hotel & Hospitality Projects
- Hospital Based Projects
- Herbal Based Projects
- Inks, Stationery And Export Industries
Sectors We Cover

- Infrastructure Projects
- Jute & Jute Based Products
- Leather And Leather Based Projects
- Leisure & Entertainment Based Projects
- Livestock Farming Of Birds & Animals
- Minerals And Minerals
- Maize Processing (Wet Milling) & Maize Based Projects
- Medical Plastics, Disposables Plastic Syringe, Blood Bags
- Organic Farming, Neem Products Etc.
Sectors We Cover

- Paints, Pigments, Varnish & Lacquer
- Paper And Paper Board, Paper Recycling Projects
- Printing Inks
- Packaging Based Projects
- Perfumes, Cosmetics And Flavours
- Power Generation Based Projects & Renewable Energy Based Projects
- Pharmaceuticals And Drugs
- Plantations, Farming And Cultivations
- Plastic Film, Plastic Waste And Plastic Compounds
- Plastic, PVC, PET, HDPE, LDPE Etc.
Sectors We Cover

- Potato And Potato Based Projects
- Printing And Packaging
- Real Estate, Leisure And Hospitality
- Rubber And Rubber Products
- Soaps And Detergents
- Stationary Products
- Spices And Snacks Food
- Steel & Steel Products
- Textile Auxiliary And Chemicals
Sectors We Cover

- Township & Residential Complex
- Textiles And Readymade Garments
- Waste Management & Recycling
- Wood & Wood Products
- Water Industry (Packaged Drinking Water & Mineral Water)
- Wire & Cable
